DETAILED ACTION

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 11-12, 14 and 19 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Brown in view of Japanese patent 51-166987 of record for reasons of record.

Claims 13, 16-18 and 20 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Brown in view of the Japanese patent 51-166987 and further in view of Silva of record applied as of reasons of record.

Response to Arguments

Applicant's arguments filed 8/18/06 have been fully considered but they are not persuasive.

Applicants argue that none of the references disclose the claimed invention where the pH is lower than 7 before the application of ozone and higher than 7 after the application.

The actual claimed invention merely recites that a solution having a pH lower than 7 is treated by ozone and "obtaining water having TOC lower than 1 ppm and pH greater than 7.5."

The cited references disclose the treatment of a solution having a pH lower than 7 treated by ozone. The secondary reference teaches the use of an alkaline solution to raise the pH, which includes the claimed range.

Accordingly, the claims stand rejected for the reasons contained in the prior office action and the remarks above.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will

the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
